Come join wildlife photographer Kim Michaels, Certified Interpretive Guide, and enjoy a rare look into the lives of hummingbirds. Michaels has captured the entire six-week nesting process, including detailed images of a chick's birth, growth, first flight, and fledge.

Enjoy a revealing look at female hummingbirds, nature's hard-working single moms. Learn about the hummingbird circle of life. See how a mother hummingbird builds her nest and raises her chicks.

This heartwarming collection of photos celebrates one of our greatest birds by giving an in-depth insight into its life.

Event and parking are FREE.
