## VI. DISCUSSION CALENDAR (Items A–D)

### A. PRESENTATION BY LCF ON THE PECTEN REEF HABITAT RESTORATION AND ENHANCEMENT PROJECT AND OTHER RESTORATION PROJECTS WITHIN LCWP AND AWCWP

*Paula Olson, LCF Senior Director of Programs, and Hallie Jones, Executive Director, shared a PowerPoint presentation of the Pecten Reef restoration and enhancement project funded by the California Coastal Conservancy, \$677,440. This project is part of a multi-agency restoration effort of the Aliso Creek watershed. Accomplishments of the Pecten Reef project included creating native habitat and increasing biodiversity, improving ecosystems services and functions, protecting sensitive paleontological resources, increasing community knowledge about Aliso Creek, collecting scientific data on the presence/absence of sensitive wildlife, and developing and strengthening key partnerships to facilitate collaborative planning and management. Aliso Creek has the largest population in Orange County of Western Pond Turtles. Also noted the return some of the Federally Protected Least Bell's Vireo. Slides included Before and After restoration of Habitat.*

**D. TRAIL USE DESIGNATIONS PILOT PROJECT IN LCWP AND AWCWP UPDATE**

*Pam Passow, OC Parks Deputy Director, provided the following information: Utah State University on site twice; there will be an update on the Trail Use Designations Pilot Project at the upcoming Trails Subcommittee Meeting on December 1; Trails Subcommittee meeting in first quarter 2022 will review an analysis of the results — will be presented to CGA, Trails Subcommittee, and OC Parks Commission.*

*Michael T., a member of the public and trail and park user, commented: County needs to look at more than data, must also consider anecdotal evidence; data must be taken with a grain of salt; and wanted to look at the sampling used for the project; aggressive behavior by mt. bikers are*

*detering visitors who want to observe the habitat and wildlife with a peaceful walk or rides.*

*Rick H., a member of the public and trail and park user, commented: hasn't liked this trail use change process; data should have more public review; trails are dangerous because park rules regarding 10 mph speed limits on trails are not enforced as mountain bikers are going much faster on trails; many injuries.*

*Armando N., a member of the public and trail and park user, commented: there are trails with blind spots where mountain bikers nearly hit other users; desired enforcement of trail speed limits; and presented a video showing mountain bikers hitting hikers on trails.*

*Chan H., a member of the public and trail and park user, commented: a friend was hit by a mountain biker on a trail; desires enforcement of speed limits on trails; desires mountain bikers to have bicycle bells.*

*Maria S., a member of the public and trail and park user, commented: stories of hikers being hit by mountain bikers will continue; abusive language by Mt. Biker's; equestrian trails have declined in quality due to mountain bikers; was hit by mountain biker as hiker on a single track trail.*

*Cary B., via letter read by Ruth G., a member of the public and trail and park user, commented: mountain bikers are speeding on trails and desires trail rule enforcement; more aggressive Mt. Bike behavior since Pilot Project; has suffered injuries from aggressive biking behavior; need to work with the biking community.*

*Ruth G., a member of the public and trail and park user, commented: there are a lot of issues with mountain bikers not following park or trail rules.*

*Dawn C., a member of the public and trail and park user, commented: a death is going to happen if rules are not enforced; more frequent encounters; don't implement this pilot project as it doesn't solve the problem..*

*Mark G., a member of the public and trail and park user, commented: 10 mile per hour speed limit will not work for mountain bikers and suggested segregating mountain bikers from other users either at certain times or places.*

*Peggy K., a member of the public and trail and park user, commented: she was hit by mountain biker and asked why Dave Hanson is OC Parks Commissioner when he has a bicycle company.*

*Comments from CGA members: Pilot Project is not solving the problem, need to end the project and revert to the original trail uses; these are*

wilderness parks and preservation of the habitat is its primary function; agreed that CGA should discuss possible solutions and gather input from the public at future meetings.

*Pam Passow, OC Parks Deputy Director, responded to CGA Member comments with the following information: starting December 1, 2021, the trail use modification phase of the project will end and trails modified during the Pilot Project will return to their previous use designations. The project is currently in the review process and being evaluated.*

**RECOMMENDED ACTION:**

As needed, provide updates to park landowners of comments by the public and Coastal Greenbelt Authority members. Continue to next meeting.

*Continue to next meeting with Members sharing this information with the agencies and organizations they represent*

*Motion: Member Maloney*

*2nd: Member Clark*

*Unanimous vote to continue this matter to next meeting.*
