

# CONSTRUCTION ALERT

## Aliso Creek Bikeway Slope Repairs

Improvements to increase slope stabilization along the trail

OC Public Works will perform stabilization improvements along a portion of the Aliso Creek Bikeway to address potential erosion and ensure effective flood protection.

### WHERE

Aliso Creek Bikeway between the I-5 (San Diego Fwy) and Paseo de Valencia.

### WHEN

#### Anticipated Construction Duration

Phase I - July - September 2025

Phase II - September - December 2025

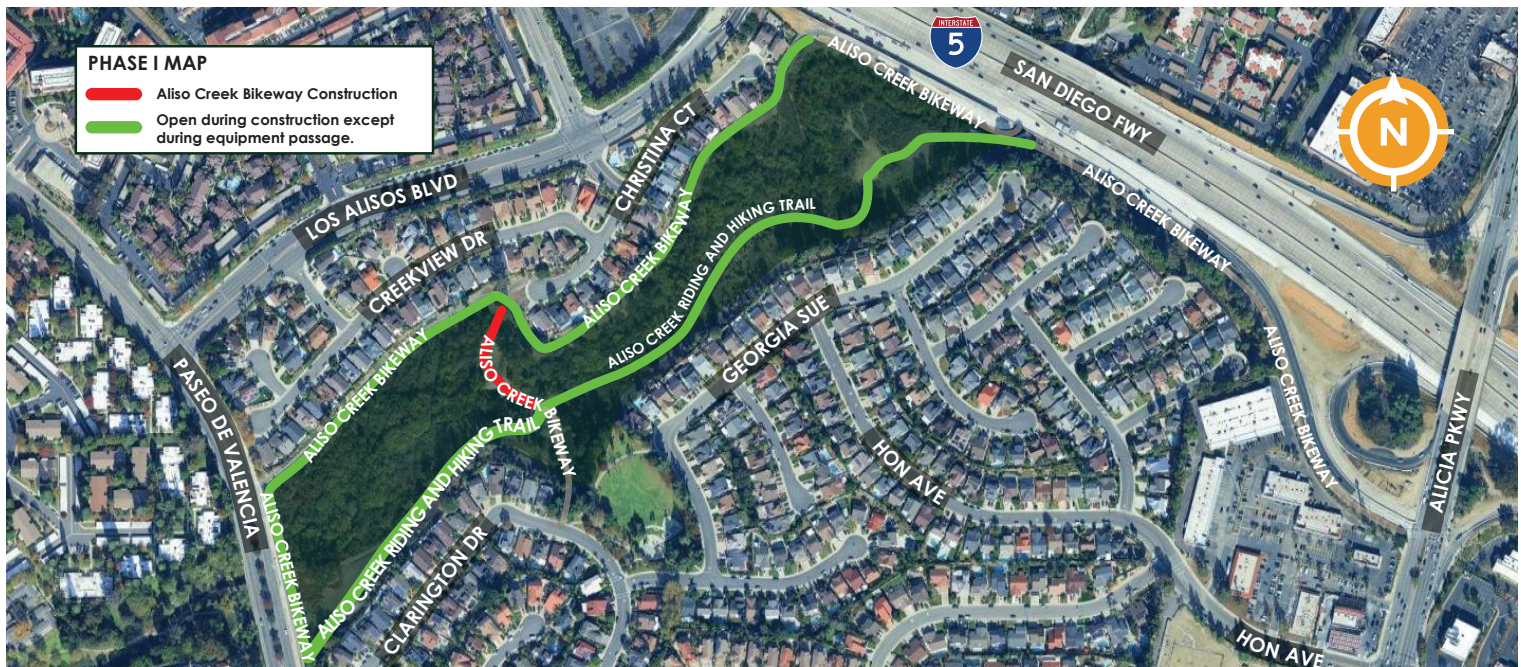

#### Working Days and Hours

Monday - Friday, 7 a.m. - 5 p.m.

*The construction schedule is tentative and subject to change due to weather and other factors.*

### WHAT

- Crews will install rock "rip-rap" bank protection and grade stabilization in multiple areas along the Aliso Creek Bikeway. Rip-rap are large rocks placed to minimize erosion.
- Residents living in close proximity to the flood channel will experience a temporary increase in noise and dust during working hours.
- A portion of the bikeway will be closed intermittently during construction. Signage will be present and detours will be implemented.
- There may be brief delays or stops for the public along the trail for vehicles and equipment entering the work area. Flag personnel will be on site to guide people through the area.
- Drivers will have full access to all surrounding roads, yet may experience brief delays at times during certain project activities.
